

Hutter Picnic

We would like to take this time to thank all of our employees and their family's for coming out and joining us for our annual Hutter picnic. The weather was absolutely fabulous this year and as always the food was top-notch! There was plenty of fun and laughs at the activities and the office staff won the volleyball game this year. We look forward to getting together again at our Christmas open house.

Great Job!

Very recently we were awarded a site contract at the Seabrook Nuclear Power Plant. This job entails removing a large section of material from one location and placing it at another location on site. The security and safety on site are beyond anything that we have ever been a part of up until this point. It only took the customer 1 day after we started for them to call and say what a great job the crew was doing! We want to thank the following people for representing us so well at this facility! Keep up the great work!

Employee Focus

It is with mixed emotions that we say goodbye to Jay Somero. Jay has decided to move his family to South Carolina. We are excited for Jay and his family to make a new start there, but are sad that we have to lose such a quality employee. Jay has been with Hutter now for almost 14 years and has most recently been the GM for Partitions Plus. Jay has earned the respect of all of us who have been fortunate enough to work with him. God bless you and your family!

Congratulations to Dwayne White! Not only has Dwayne just reached the **10-year** milestone with Hutter, he also has been named the new GM for Partitions Plus. Congratulations and good luck!

With Jay Somero leaving a vacancy, Clinton Ellnor has been tapped to fill the role of road supervisor for Partitions Plus. Clinton has been a job superintendent for PP recently. Congratulations on the promotion and good luck!
